

HIGHFIELD RESIDENTS' ASSOCIATION

Update: Thursday 18 June 2020

Thursday has come round again, and with it our eleventh Update.

From Spike and Kate: “With conditions easing slightly, shops opening, and people able to visit a bit more freely, as well as (sadly) appreciably more traffic on the roads, Spike and I have decided to plan an end to our daily concerts which we have been giving from our window in Stapleton Rd. Our final concert will be on, **20 June** (this Saturday). We have decided to raise donations for a music- and refugee-related charity as a positive to come out of this situation. We are asking anyone who has been attending, and feels happy to do so, to give a little (maybe a concert ticket's worth?) to our chosen charity, **Music In Detention**, which works with asylum seekers, through music, to help them with the despair and depression they may be experiencing whilst in detention awaiting a decision about their future. We will have a link to a Just Giving page shortly, but the charity (which is small) is only just setting up this arrangement for Gift Aid. I'll let you know when I have more details”. Since it is hugely beneficial to charities if donations are Gift Aided, you may wish to postpone donations till the Just Giving page is known. *(Ed.)*

Gardeners' friends: Frogs and toads, so beneficial to gardeners, are on the decrease due to the changing environment of fewer hedgerows and ponds, and greater use of insecticides Why not build a pond to encourage them? NB If the sides are too steep, they can get trapped and die.

Chilling out by the waterfall in a local garden pond

And less welcome? Two lovely muntjac deer have recently been sighted in a garden off Bickerton Rd. We are advised to shut garden gates if we want to avoid these uninvited guests!

Concessionary bus pass extension: The extension that allowed holders of elderly and disabled bus passes to travel free at any time, enabling them to do early morning supermarket shopping, has ended. Normal hours now apply for concessionary travel: Mon-Fri 9.00 a.m. to midnight; and any time on Saturday and Sunday.

Bikes are big business: it's not just sales of new bikes; bike thefts have also been soaring. Over the last few weeks Thames Valley Police have received reports of bicycle thefts in all areas of Oxford city; the thefts are occurring not only in public places, but also from sheds, garages, front and back gardens. They would like to remind residents to lock bicycles when leaving them in a public place, and also when keeping them in a shed or garage. We should also ensure that we have a note of the manufacturer, type and model along with the serial number, and a photograph.
